**Push switches & Others**

SPN	SLA	D2
KEY	THK-1	LTV75, LTV76, LTV77, LTV88
PB, PBA	PWL-2P	
MPN, MPV	BUTTONS	
DS1, DS2, DS3		

Compliance is evidenced by written declaration from our suppliers and/or SGS testing report, assuring that any trace contamination levels of restricted substances are below the maximum level set by EU 2002/95/EC, or are exempted due to their application, when they leave Toneluck factory. Since conditions of use are out of our control, Toneluck makes no warranties, express or implied and assumes no liability in connection with the use of this information.

This declaration is only valid for Toneluck Standard Products as listed above. Customized products and assemblies with customer-specified materials and/or processes, which do not meet the requirement of EU 2002/95/EC may negate RoHS compliance of the final assembly. Please contact your sales representative for RoHS compliance of customized assemblies.
